

Boost your governance with Auxillias SMCR training

10am, Tuesday 11 February 2025

The Senior Management and Certification Regime (SMCR) requires your board, senior managers and certified managers to be both compliant and also equipped with the necessary knowledge to lead effectively in today's regulatory landscape.

At Auxillias, we offer comprehensive training, delivered by experts and tailored to your leadership team to provide them with a thorough understanding of SMCR.

This course is relevant to all UK regulated consumer credit firms.

Our agenda is as follows:

- Introduction and background to SMCR
- The approved persons regime
- Your firm's obligations under the code of conduct
- Structure of SMCR
- Responsibilities of senior management function holders in motor finance
- Duty of care for senior managers
- The importance of the statement of responsibilities
- Review of your firm's SMCR structure
- Senior management function holders
- People aspects of SMCR: fitness, propriety and performance assessments
- Real life case studies

Our training not only gives senior leaders the tools to navigate SMCR but also helps them understand their role in creating a culture of compliance and accountability. By doing this training course, you will strengthen your firm's governance, improve risk management and protect your reputation in the consumer credit market.
